

# STARTwithSTARS

A Project of QUALITYstarsNY

## What is Start with Stars?

[Start with Stars](#) is a QUALITYstarsNY initiative designed to support early childhood programs that are just starting out or are under new leadership. Start with Stars is a short-term, intensive program that aims to rapidly address foundational issues and set programs on a path to providing high quality early learning opportunities before they begin participation in QUALITYstarsNY. Over the course of their participation, programs receive frequent contact from a designated Quality Improvement Specialist (QI Specialist) who works closely with program leadership to define improvement goals. In collaboration with their QI Specialist, program leaders identify tailored strategies and resources needed to meet their goals. Upon demonstrating measurable and significant progress, programs transition to QUALITYstarsNY to continue their ongoing quality improvement efforts.

## How can Start with Stars help my program?

Start with Stars participants benefit from a variety of resources to support them through the quality improvement process—all at no cost to programs.

Like QUALITYstarsNY, programs participating in Start with Stars receive:

- One-on-one support from a QI Specialist, with expertise in the early childhood field, who partners with programs to develop a Quality Improvement Plan to meet their program's goals;
- Guidance, information, and resources to enhance your learning environment;
- Professional development and trainings for program staff;
- **...And much more!**

## How do I get started?

- Visit [qualitystarsny.org](http://qualitystarsny.org) to learn more about QUALITYstarsNY and Start with Stars.
- Attend an [Information Session](#) to learn more about the benefits of participating and for the opportunity to ask application questions to a Quality Improvement Specialist.
- Join The Aspire Registry for New York's Early Childhood Workforce and create an Organization Profile for your program. *Please note:* as part of the QUALITYstarsNY application process you will create an Aspire Organization Profile. For more information on how to create your Organization Profile, please visit [nyworksforchildren.org](http://nyworksforchildren.org).
- Identify program leader(s) who will be responsible for working with the QI Specialist to carry out quality improvement efforts.

For more information, visit [qualitystarsny.org](http://qualitystarsny.org). Questions? Contact [support@qualitystarsny.org](mailto:support@qualitystarsny.org).
